If Steve Willis, UXO Pro, Inc. already forwarded, please disregard. I understand Steve may have some other responsibilities occupying his attention this week. If you provided comments on the EPA response letter, this is EPA's latest comment incorporation (response to USAF Phil Mook's Feb 10, 2017 letter to EPA moving EBR forward).

Thanks.

Wayne Miller

Take another look at this response, I incorporated ADEQ's additions, had a couple of comments. Loren, does Angeles want us to send this out at the BCT level and reference Phils letter, or to send out as a response from her and Tina to Phil? Either way, she should have input in what we are saying to them.
